RESIDENTIAL DESIGN AWARDS SUBMISSION CRITERIA & CHECKLIST

Detailed Entry Instructions

2022 Residential Design Awards Eligibility

AIA North Carolina's Design Awards to align with AIA and urgent climate change:

The world today is facing broad and complex challenges that threaten every aspect of our lives. The architect's call to protect the health, safety, and welfare of the public has a new and broader meaning amid challenges such as increasing climate extremes and social inequity. Architects everywhere must recognize that our profession can harness the power of design to contribute to solutions addressing the most significant needs of our time. Every project can be used as a platform for addressing big problems and providing creative solutions. Every line drawn should be a source of good in the world. The Framework for Design Excellence represents the defining principles of good design in the 21st century. Comprised of 10 principles and accompanied by searching questions, the Framework seeks to inform progress toward a zero-carbon, equitable, resilient, and healthy built environment. These are to be thoughtfully considered by designer and client at the initiation of every project and incorporated into the work as appropriate to the project scope. The Framework is intended to be accessible and relevant for every architect, every client, and every project, regardless of size, typology, or aspiration. The Framework for Design Excellence challenges architects with a vision of what the profession strives to achieve.

For AIA NC Members

All entries, built or un-built, must be *single family residential projects designed by members of the North Carolina Chapter of the AIA*. The projects may be located anywhere in the United States or abroad. *Built projects must have been completed within the past 10 years. Un-built projects must be fully commissioned with a scheduled construction start date.*

For Non- AIA NC Members

All entries, built or un-built, must be *single family residential projects designed by architects licensed in North Carolina AND the projects must be located in North Carolina*. Built projects must have been completed within

the past 10 years. Un-built projects must be fully commissioned with a scheduled construction start date.

Projects that have previously won an AIA North Carolina Design Award are *not eligible* for entry for the Residential Design Awards. Previous Tower and COTE Award winners will be eligible for submission into the AIA NC Residential Design Awards.

All projects will be judged on criteria such as:

- the design's ability to be sensitive to and complimentary of its surroundings
- the design's solutions for its client's needs
- the way people interact with and inhabit the space

Digital Entry Submission

I. Online Submission Requirements:

Submit these steps for each entry:

- **Fill out one online form:** You will register your firm in our Design Awards System. *(If you have registered for awards in the past, you can log in and resubmit any eligible project for an AIA NC award. You will have the option to update any of the information you previously submitted.)* After you have registered your firm, you may submit your project's information into the "Registration Round." You will then have until September 23, 2022 to submit your information into the "Submission Round." In the submission round you will submit your Concealed Id, Descriptive Data, Digital Images and Photo Release Form. You will also have a chance to submit for the AIA NC Tower Award and the AIANC COTE Award in this process.

- A Digital Upload

- You will upload up to 12 Digital Images and one "Public Display Image" during the "Submission Round" process.
 - Image Size: 8.5" x 11" OR 16:9
 - Resolution: 300dpi
 -

IMPORTANT entry notes:

- Please be certain that digital images are uploaded in the order to be viewed during judging (**Jurors will hear the 100 word "Short Description" while viewing your images.**)

RESIDENTIAL DESIGN AWARDS SUBMISSION CRITERIA & CHECKLIST

We will not be requiring you to mail in a photo for your submission this year. Instead, you will be asked, in the photo upload process, which image you would like to have as your "Jury Photo." We will use this image as a reference to your project during the jurying process.

All submission requirements must be received by the AIA North Carolina Office by **September 23, 2022. Entry Fees are non-refundable.**

Descriptive Data

The "Submission Round" form will contain both the Concealed ID and Descriptive Data Sheet. The format provided must be used without the addition of any photographs, drawings, lines, or color.

The "Short Description of Project" should be 100 words or less and will be read aloud while the jury views electronic images during the first phase of the jury process and later used for publication of the winners.

There will also be the "Type of Construction." This information may be used in subsequent jurying rounds.

New this year- The Framework for Design Excellence is a standard for design that AIANC is focused on helping our architects achieve. This year, we will continue our efforts to highlight the Framework. Following the "Type of Construction", there will be a 500 word description "Architect's Statement Concerning the Framework for Design Excellence" (You can find more about the Framework here- https://content.aia.org/sites/default/files/2020-08/Framework_for_design_excellence_v3.pdf).

Additionally, you will be asked to answer the following questions:

- Was the site previously developed?
- Is storm water managed on site?
- Is landscape design focused on native plants?
- Is potable water used for irrigation?
- Is potable water used for cooling?
- Is grey/blackwater reused on site?
- Predicted Net EUI?
- Predicted reduction from benchmark CBECS 2003?
- Does the project meet the 2030 challenge?
- Was energy modeling used to inform design decisions?

- Was embodied carbon calculated and used to inform design decisions?
- Was a Whole Building Life Cycle Analysis (LCA) conducted?
- Was a "Chemicals of Concerns" list used to inform material selection?
- Was a post occupancy evaluation conducted on this project?

Finally, there will be an option to upload a completed Framework workbook. This will not be required this year, but is recommended. [You can find the workbook here>>](#)

Awards

There will be two categories of Residential Design Awards to be called "Honor Award" and "Merit Award".

Awards will be presented at the Awards Gala, **November 3, 2022.** Details on if this gala will be in person or online will be coming soon.

Winners will receive three certificates, one for the architect, one for the owner and one for the contractor. *Additional certificates will be at the expense of the award recipient.*

Publication

AIA North Carolina intends to publish the entries receiving awards. Therefore, it is essential that drawings and photographs not be restricted against publication. It is the entrant's responsibility to clear all drawings and photographs for release. A form will be provided to you to secure the necessary permission.

With the digital image submission, please include a separate JPEG of one public display image with the entry number. This can be a photograph or a collection of images that best represents the project and will be used for publicity. You **may** include your firm name on this image.
